

STEP 1

EMAIL CONTACTS:

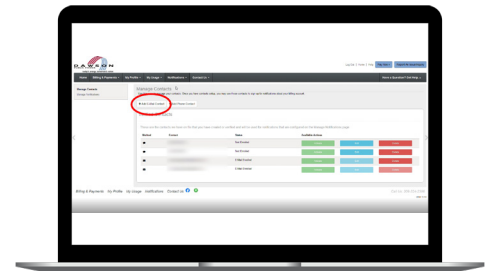

From the SmartHub home screen, click on the notifications drop down tab.

STEP 2

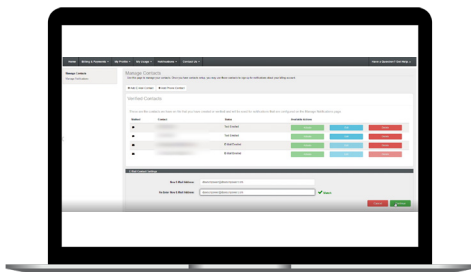

Select "manage contacts."

STEP 3

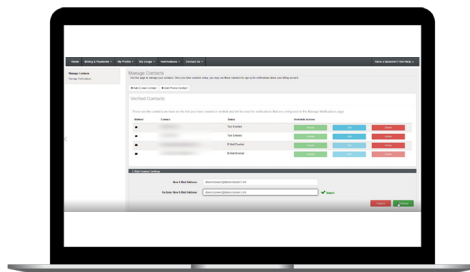

Click "add e-mail contact."

STEP 4

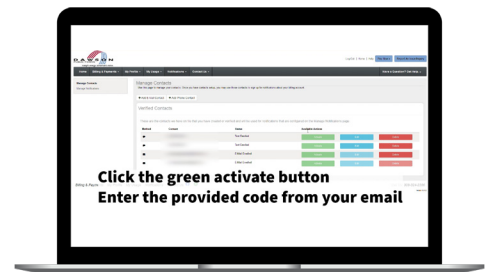

Enter the email address in the provided box. Re-enter the email address and select "continue."

STEP 5

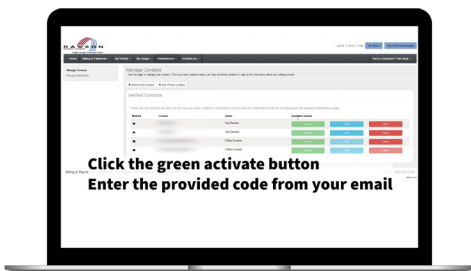

Select the box to agree to the terms and conditions. Check your email for a verification code.

STEP 6

Go back to the SmartHub "manage contacts" screen from Steps 1-2. Click the green "activate" button next to the email address.

STEP 7

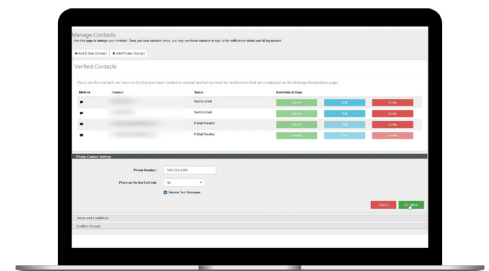

Enter the verification code. Your email address is now added as a contact to your account.

STEP 8

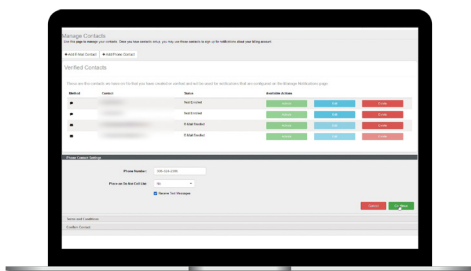

MOBILE PHONE CONTACTS:
Repeat Steps 1-2. Click "add phone contact."

STEP 9

Enter the phone number and select if you'd like to receive text messages. Re-enter the phone number and select "continue."

STEP 10

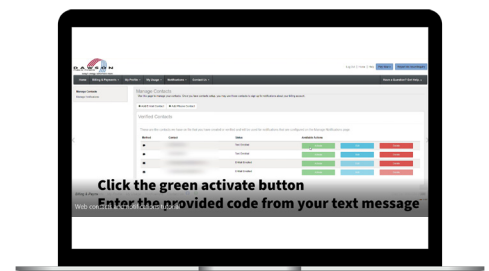

Select the box to agree to the terms and conditions. Check your text messages for a verification code.

STEP 11

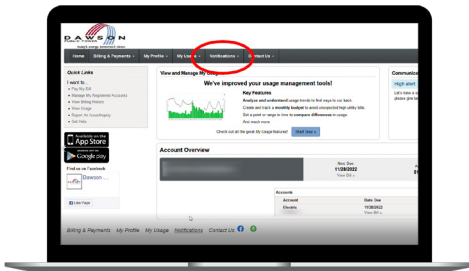

Go back to the SmartHub "manage contacts" screen from Steps 1-2. Click the green "activate" button next to the phone number.

STEP 12

Enter the verification code. Your phone number is now added as a contact to your account.

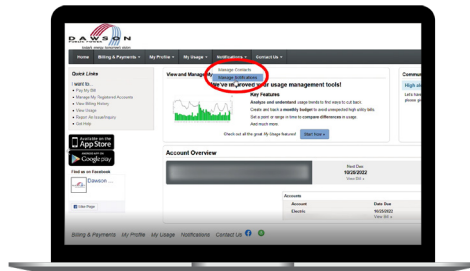

STEP 1

NOTIFICATIONS:

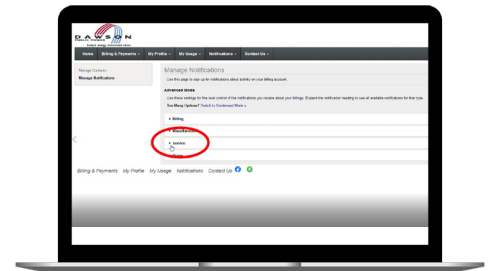

Note: notifications cannot be set until contacts have been added to the account.

STEP 2

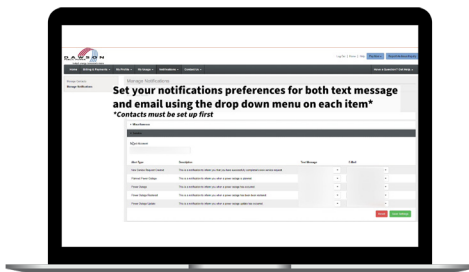

From the SmartHub home screen, click on the notifications drop down tab. Select "manage notifications."

STEP 3

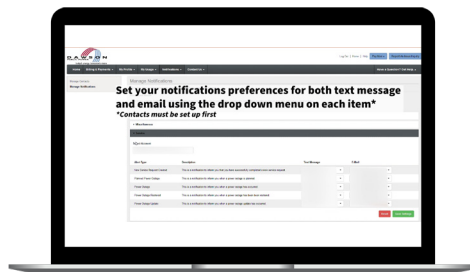

Click on the "service" tab.

STEP 4

Set your notifications preferences for both text message and email using the drop down menu on each item.

STEP 5

Click "save settings." Your notifications preferences have been saved to your account.
