SMALL POWER WITH SPACE HEATING

AVAILABLE: To customers within the District's service area subject to the established rules and regulations, including the District’s current procedure for vegetation management so as to ensure the highest reliability of service for all customers. Maximum connected load under this schedule may not exceed that which may be supplied from seventy-five (75) KVA of distribution transformer capacity.

APPLICABLE: To customers taking single or multiphase service where electric space heating equipment is in regular use to supply the primary space heating requirements of a residence or building. Customers having a residence on the same premises with a three-phase service may include the service to both on the same meter, in which case service will be billed under this schedule, using the rate set out below. Not applicable unless the space heating requirements are equivalent to 10 KW of calculated heat loss and specifically approved by the District.

Portable cord connected equipment does not qualify.

TYPE OF SERVICE: Single-phase and three-phase, sixty (60) hertz, alternating current, at available secondary voltages.

Distribution charge: $42.00

RATE: (RATE CODE 14)

Summer	Winter
10.30 cents/kWh	8.21 cents/kWh

Subject to application of Production Cost Adjustment Schedule PCA.

Summer rates shall apply when computing bills for the revenue months of June, July, August and September.

Winter rates shall apply when computing bills for the remaining revenue months of the year.

DEMAND CHARGE

The demand charge shall be $1.06 per KW of recorded peak demand over 10.000 KW per month.

DETERMINATION OF BILLING DEMAND

The maximum demand shall be the highest kilowatt demand established by the customer for any period of fifteen consecutive minutes during the month for which the bill is rendered as indicated or recorded by a demand meter.

TERMS OF PAYMENT: The above rates are net, the gross rates being five percent (5%) higher. In the event the current bill is not paid within the discount period shown on the bill the gross rate shall apply.

MUNICIPAL LEASE, LICENSE OR FRANCHISE FEE: Where the District has an agreement to pay a municipality a percentage of the customer's retail revenue, such percentage will be added to each customer's bill for services located within the corporate limit and served from facilities owned by the community.

GROSS REVENUE TAX: For services located within the corporate limits of an incorporated town or village, the District is required to remit 5% gross revenue tax on revenues. 5% will be added to each bill as a gross revenue tax.

TAX CLAUSE: In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.
